

## Northern Counties Shetland Sheepdog Club Championship Show 7 April 2019

DOGS I would like to thank the Committee for inviting me to judge the dog entry at their show and for the lovely friendly welcome I received. I would also like to thank all the exhibitors for their support and for signing my 70th birthday card. I had a very enjoyable day. My co-judge and I were in complete agreement regarding the final placings.

MPD (3) 1 Stafford's Rannerdale Showmaster. BP Dog & BPIS. Confident young man of just 6 months, did all that was asked of him. Well balanced with nice body lines. Just the right size and substance for his age with room to mature. Nicely constructed front and rear and moved with purpose. Nicely balanced head of correct breed type with well placed dark almond eye and neat ears creating a very sweet expression. One to watch for the future. BPD and BPIS. 2 Miles' Keycharm Gold Standard At Milesend. Another nice youngster similar in type. I would have preferred him a touch longer in body to attain perfect balance. Nicely angulated front and rear with good reach of neck and moved correctly. Lovely clean skull and smooth cheeks with well placed dark eye and very sweet expression. Just needs to clean in stop. 3 Purves' Donallin Tri Bit Of Magic.

PD (5, 3) 1 Fisher's Shellamoyed Black Klansman. Smart tri dog of correct size and substance. Good black coat and rich tan markings added to his attraction. Correct head type with flat skull, correct stop and nicely moulded foreface. Would have preferred a little more length of neck for a more shapely outline. 2 Sangster's Zaniah Mono Tone Of Drumcauchlie. A little smaller all over than first but a nice type. Quite decently put together but was a little erratic on the move. Small but sweet eye and neat well placed ears used to perfection. JD (3) 1 Goodwin's Highbrook Hobnob. This young dog commands attention with his shapely outline and well balanced body lines and is very nice to go over. Well laid shoulder and decent length of upper arm coupled with his sound hind construction give him the basis for his sound movement. For me his head is not his best asset as I would have preferred a longer and cleaner wedge to be in balance with his elegant body shape. However, he has as nice masculine expression, neat ears and flat skull and shows really well. 2 Robinson's Alnmac Midnight Flyer. Tri of lovely size and balance with very elegant shape. Very nice in front but would prefer a little more strength behind. Head is a long blunt wedge and skull is flat. A more almond shaped eye, obliquely placed would improve expression. Neatly carried ears. 3 Lewis' Donmarvic The Saracen.

ND (4, 2) 1 Fisher's Shellamoyed Black Klansman. 2 Sangster's Zaniah Mono Tone Of Drumcauchlie. YD (5) 1 French's Lindfern Light Sabre JW. Sable and white of perfect size and substance and well proportioned throughout. Shapely outline with good reach of neck, level topline and sweep over loin. Quite decently constructed and moved accordingly. Lovely head pattern, flat skull, correct stop and parallel planes. Nicely moulded foreface. Eye could be a little more almond in shape but the addition of neat well used ears gave him a sweet expression. 2 Bendelow's Guxel Golden Ringer From Amethrickeh. Handsome, heavily coated sable and white. A size bigger and very mature. Well balanced body with elegant shape and outline. Good reach of neck and nicely constructed body allowed him to move out well. Head is a long blunt wedge with smooth cheeks and just the right amount of under jaw. Would have preferred a more almond shaped and obliquely set eye and he was a little reluctant to use his neat ears today. Beautifully presented. 3 Walker's Tooralie's Ocho Rios.

PGD (6, 2) 1 Goodwin's Highbrook He's Got Style JW. Correct for size and height to length ratio with well balanced bone and substance. Good length of neck and depth of chest and level topline. Nicely angulated rear but lacked reach in front on the move. Stood and showed well. 2 Sangster's Amethrickeh Stormi Wizzard. Blue of good colour. Won this place on his sound construction which translated into free positive movement. Not the best of showmen and did not make the most of his nice outline. 3 Miles' Milesend Morello.

LD (10, 1) 1 Robinson's Sheltysam Nutbox In Alnmac. Very soundly constructed young dog, perfectly balanced throughout with a proud reach of neck, level topline, good depth of chest and well sprung rib and front shoulder angulation often hard to find. His rear construction matched his front and this enabled him to move around the ring with good stride, drive and purpose. Clean correct wedge head with smooth flat cheeks, correct stop and flat skull, neat well placed and used ears and masculine expression. To be critical eye could be a little more almond in shape. A good honest Sheltie fit for purpose. Pressed hard in the challenge and pleased to award him the Res CC. 2 Bywater's Tachnamadra He' Got The Look. Smart tri in gleaming condition, beautifully black with rich tan markings. Good size and substance with a clean wedge head well placed dark eye and neat well used ears all creating a very sweet but masculine expression. A little more reach of neck would have enhanced his outline. 3 Lewis' Sandwick Curtain Call At Donmarvic.

OD (6, 1) 1 Hill's UK Ch/ Aust Ch Hartly How About Me For Molson (Imp Aus). Light sable dog in beautiful bloom, every hair glistening. Well balanced and proportioned body lines, very decently put together and moves accordingly. Lovely proud neck with level topline and sweep over loin with well let down hocks adds to

his elegant outline. Well placed dark almond eye and neat well placed ears give him the desired sweet and charming expression. Skull is flat and muzzle nicely rounded though for me a little square in jaw line rather than a blunt wedge. A dog whose quality cannot be denied. 2 Clubley's Mossvale Frosty Moon. Blue merle with good tan but rather dark in blue colour. Well constructed throughout and moved accordingly with drive and purpose. Good reach of neck and level topline, depth of chest with good legs and feet. Head is a clean wedge with well placed eye and ears creating a sweet, masculine expression. 3 Gatheral's Ch Herds Humphrey JW. VD (6, 2) 1 Rowan's Ch Degallo The Vindicator At Rowancrest JW. Beautifully presented dog of correct size and balance. Just the right amount of substance to be strong enough but still retain an elegant and graceful outline. Nicely constructed throughout and moves with drive and purpose. Correct well placed dark eyes and neat ears creating a sweet masculine expression. Best Veteran Dog. 2 Walker's Dippersmoor Star Gazer By Tooralie ShCM. Shaded sable, not the coat of first or quite as correct in construction but built on clean lines and well balanced throughout. Head is a clean wedge, nicely moulded with no prominence of the cheek bones, flat skull and correctly placed stop. Lovely shaped and set eyes and neat well placed ears created a very sweet expression. 3 Goodwin's Ch Highbrook Hot Heir JW.

Sp Beg D (4) 1 Gamble's Solyric Inaugural Gold. What an attractive junior this young man is. Lovely balanced outline with good reach of neck and sweep over loin. Nicely constructed and moved accordingly. Head is a clean blunt wedge with flat skull smooth cheeks, correct stop, well placed and shaped eye topped by neat ears. He has plenty of time and the scope to mature and fill out and make a very nice adult. 2 Clubley's Mossvale Frosty Moon 3 Dixon's Tachnamadra Toffee Apple.

Sp O Sable & White D (4, 2) 1 Gamble's Solyric Inaugural Gold. 2 Dixon's Tachnamadra Toffee Apple. A very nice breed type, well balanced throughout with good reach of neck level topline and sound legs and feet. Head is clean and shapely with well placed dark eye. Ears need to settle into the correct position to attain the sweetness of expression.

Sp O Tri/BT/BW D (4) 1 Hardy's Ch Sandwick Stagelight JW. CC. This smart tri dog has all the assets required for his title. Today when he first entered the ring I thought he was going to blow his chances as he did not want to show them off but thankfully he got it together and presented his lovely outline which flows from nose to tail. His head is a clean blunt wedge in perfect balance with flat skull correctly placed stop and clean smooth cheek bones. The correct expression is sometimes hard to achieve in a tri but his is sublime with his beautiful dark almond eye obliquely set, soft and yet masculine. Bodily everything is in the right place, lovely reach of neck well laid shoulder and good length of upper arm, depth of chest, level topline and shapely sweep over loin leading to well set tail. All supported on good legs and lovely oval feet. On the move he covers the ground well with very little effort. In the challenge he stood out and won the CC on his overall quality. 2 Linford's Hillhenry Thunderstorm JW. Another very nice tri of sound breed type who did not put a foot wrong. Well balanced and constructed but did not have the eye shape or expression of the winning dog. 3 Goodwin's Sandwick Turn Back Time At Highbrook.

Sp O Blue Merle D (4,2) 1 Clubley's Mossvale Frosty Moon. 2 Sangster's Amethrickeh Stormi Wizzard.
