### Judge - Carol Trueman

**BITCHES:** I would like to thank the Committee of the Club and the exhibitors for the warm welcome I received as the late replacement Judge. I really enjoyed my day but note that my perennial moan as to short or sometimes just steep upper arms still remains a problem for the breed as does short tails, some of which seems to be getting even shorter. The sweep over the loin and the flowing tail following it was always one of the joys of this lovely breed. Something else I saw today was some bitches where the hock joint was so low with the rear pastern being so weak that was almost lying along the ground. This breed was originally a herding, working dog. These with such weak rear pasterns could hardly work for a few minutes much less a whole hour or day. Musculature was also a problem in some giving credence to the possible view that these dogs are not being walked or exercised but kept in kennels or cages. On a positive note I was very pleased with my major winners and felt they were a great credit to the breed and there were also some quality youngsters who should have a bright future.

**VB (9,1)** 1. Deveson's Lucky Liaison at Lianbray ShCM (BVIS) Well presented shaded sable. Balanced in outline. With well placed ears and eyes. Soft "sheltie" expression. Sound on the move retaining level topline. 2 Hirst's. Sundark Tsarina. Tricolour not as glamorous as the winner but very well put together with correct construction fore and aft. Good reach of neck. Well turned stifle and excellent on the move. 3 Paterson's. Lorainian Saving Grace. **MPB (5,3)** 1 Hateley's. Mohnesee Millybelle. Very feminine bitch with excellent head and expression. Good reach of neck with good bone and neat feet. Movement still needs to settle. 2 Eldridge's. Keltihope Wispa's Girl at Petara. Little unsure initially but nice to go over when settled. Good in outline with level topline and correct sweep over the loin.

**PB (9,3)** 1 Winfield's. Carolelen Classic Star by Oakcroft (**BPB**). Very feminine well put together young bitch. A refined head without exaggeration, well arched neck with good legs and feet. Moved smoothly around the ring driving well from the rear. 2 Roberts'. Malaroc Rainfall. Glamorous golden sable at only her second show thought she would be my winner but would persist in toeing in. Correct balance in outline and well constructed with well set ears and lovely dark brown well placed eyes. 3 Robinson's. Lavika Time Of My Life.

**JB (5,2)** 1 Hateley's. Sanscott Sweet Serenity at Mohnesee JW. Sable, beautifully balanced excels in head and expression. Straight front with neat oval feet. Stands slightly down on the rear pasterns sometimes and close in front Not in full coat today. Maturity may improve the position especially as correctly constructed and move well around the ring. 3 Williams'. Gowdenin Duchess Surprise.

**YB (9,3)** 1 Lambert's. Blenmerrow Night Music. Tricolour balanced in outline with no exaggeration. Excellent construction with good spring of rib. Level topline with good sweep over the loin ending in a lovely long tail, so lacking in the breed today. Excellent on the move. 2 Thomas'. Jolex Guided Lily.
