**BITCHES;** I would like to thank the committee for my invitation to judge Bitches at this pleasant and well run show. I would especially like to thank my very efficient steward Heather Bendelow. My co judge Donna Lindford and myself were in agreement for the major awards with BIS being awarded to the Bitch Rannerdale Queen of the North and RBIS going to the Dog Silver Coin, BPIS was Mohnesee's Dream Date of Lizmark with BVIS being awarded to Kyleburn Acis. MPB 1. Rule's Bleatarn Gee Wizz (naf). 8 month old S/W. Good for size and substance having correct amount of bone and good depth to chest. Well placed shoulder with matching return of upper arm. Moved true in front and behind and stands parallel both fore and aft. 2. Fuller's Jacanshe Elsa's Winter Waltz. At just 7 months old she is still a raw baby but quite a glamour girl with a full white collar and her BM coat is well broken and of the most lovely silver blue colouration. Rather reluctant to use her ears today day but she moved out OK single tracking correctly. 3. Hull's Mohnesee Queen of Diamonds. PB 1. Jacobs and Johnson's Marsullas Nikkoletta. 11 month old Tri colour with sparkling jet black coat. Clean muzzle with smooth moulded cheeks and tight fitting lips. Carries and uses her ears well. Well angulated both in front and behind having good bone throughout. Firm level topline leads into pleasing sweep over croup. Tail of good length and carried low. Moved out well looking like she could do a good days work. BPB. 2. Clubley's Mossvale Blue Star. 11 month very pretty feminine BM. Perfect colouration with coat of clear blue lightly splashed with black. Very sweet head with obliquely set almond shape eyes, ears are carried and used well, she has a lovely expression. Good length and return of upper arm. Stands on straight front legs having desired flex of pastern with neat well-padded feet. 3. Rule's Bleatarn Gee Wizz.

MB 1 Clubley's Mossvale Blue Star. 2. Fuller's Jacanshe Elsa's Winter Waltz.

NB 1. Clubley's Mossvale Night Star. Ideal size 11 month tri colour puppy. Nicely balanced overall shape which is enhanced by a fitting jacket of pure black. Good neck leads into level topline ending with desired sweep over croup. Her tail is of good length and is carried low. Stands four square. 2. Rule's Bleatarn Gee Wizz. 3. Gamble's Solyric Original Gold. JB 1. Mossvale Night Star. 2. Hanson's Hillhenry Secret Kiss with Basilbrooke. Tri colour with well-made head having moulded muzzle, good stop and dark almond shape obliquely set eyes. Sadly she has rather heavy ears which detracts from her otherwise nice expression. Level topline with well sprung ribcage. Well-constructed both in front and behind her movement was true coming and going. 3. Lundecock's Never Look Back.

YB 1. Edward's Castlerose Babushka. S/W with head carried on neck of good length. A bit in between coats but this only helped to show off her racy shape. Sweet balanced head with level planes, flat skull and the correct amount of stop. Obliquely set almond shape eyes, her ears are set and used well. Moved well. 2. Fitz-Harris Abeula Caed Mile Failte. Lightly shaded red S/W. GB 1. Wallis's Peartbrook Perle D'or. S/W in full coat. Very sweet expression. Her head has a cleanly moulded muzzle with firm underjaw, smooth cheeks, ideal stop, parallel planes and lovely dark obliquely set almond shape eyes. Her ears are set and carried perfectly - she

used them non-stop. Pleasing layback of shoulder and matching return of upper arm coupled with well angulated hind quarters enabled her to move freely. She is ideal for size and has a lovely balanced shape. RBB. 2. Durn's Leanai Little Boots. Shaded S/W. Another young lady who has a pleasing head and expression. Good well placed clean stop, ears are set and carried well. Level topline. Good bend of stifle. She moved out well.

PGB 1. Tindale's Janrickap Imperial Topaz. Rich red shaded S/W with full white collar. Her head has a well filled muzzle with good underjaw, lovely almond shape eyes but would prefer tighter ear set. She is in between coats at the moment but she has a good length of neck and is decently constructed throughout. She would benefit from carrying less weight as this adversely affects her movement.

LB 1. Saunder's Chalmoor I'm A Peach at Fernfrey. Rich red shaded S/W. Not wearing a full jacket today but what she had fitted her well and was of good texture. She is very soundly constructed both in front and behind which enabled her to move around the ring with plenty of reach and drive giving the impression she could a good days work. 2. Fenton's Shannmies Tropical Blue. 2 yr. old BM of good colour who I have admired since previously awarding her a BPIS. She has a lovely head with a sweet expression. She is very well constructed throughout and when viewed in profile she is a lovely shape. Today she was slightly overweight which prevented her from matching the freedom of movement of the class winner. 3. Ritchie's Jaelis Mystique Reflection JW.

OB 1. Tindale's Janrickap Imperial Topaz. VB 1. Walker's Tooralie L'Exceptional. S/W in good coat. Her head is carried on a long neck which leads into very well laid shoulders with excellent return of upper arm. She has straight front legs with firm but flexible pasterns and her body has a deep chest with well sprung ribs. Powerful well angulated hind quarters coupled with her forehead angulation enable her to move effortlessly around the ring with reach and drive looking like she could work all day. BVB. 2. Stafford's Ch Rannerdale Star of the North. S/W in profuse coat of good texture. Pretty head having dark well placed eyes and neat ears combining to give desired expression. Good for size and bone.
